INTRODUCTION TO DIVISION

CLASS-III

MATHS

23.7.2020

Concept of Division is based on equal sharing.

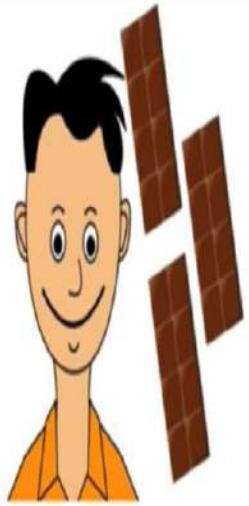
No sharing

Friend has 4

You have none

You are not happy!

Sharing



Friend has 3

You have 1

More happiness around!

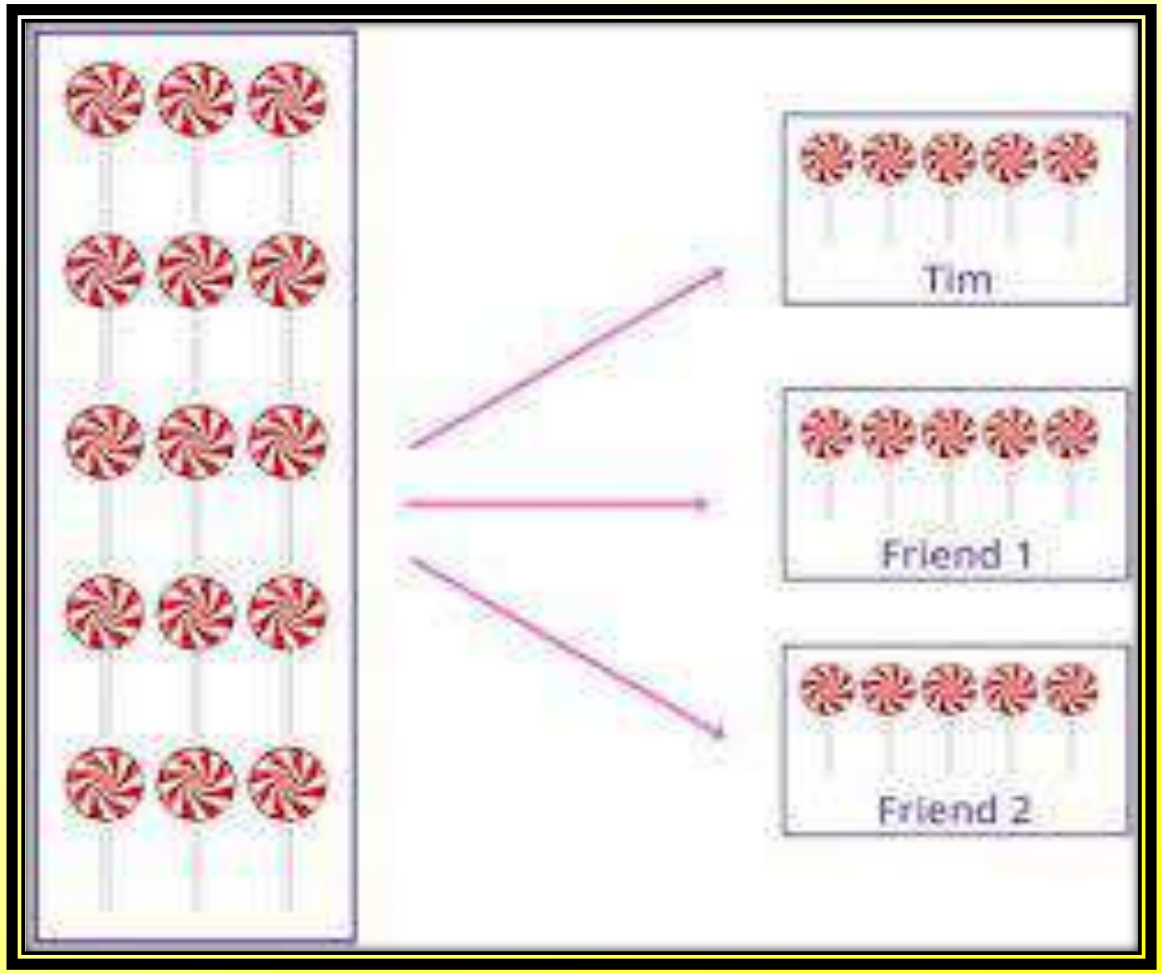
Equal sharing

Friend has 2

You have 2

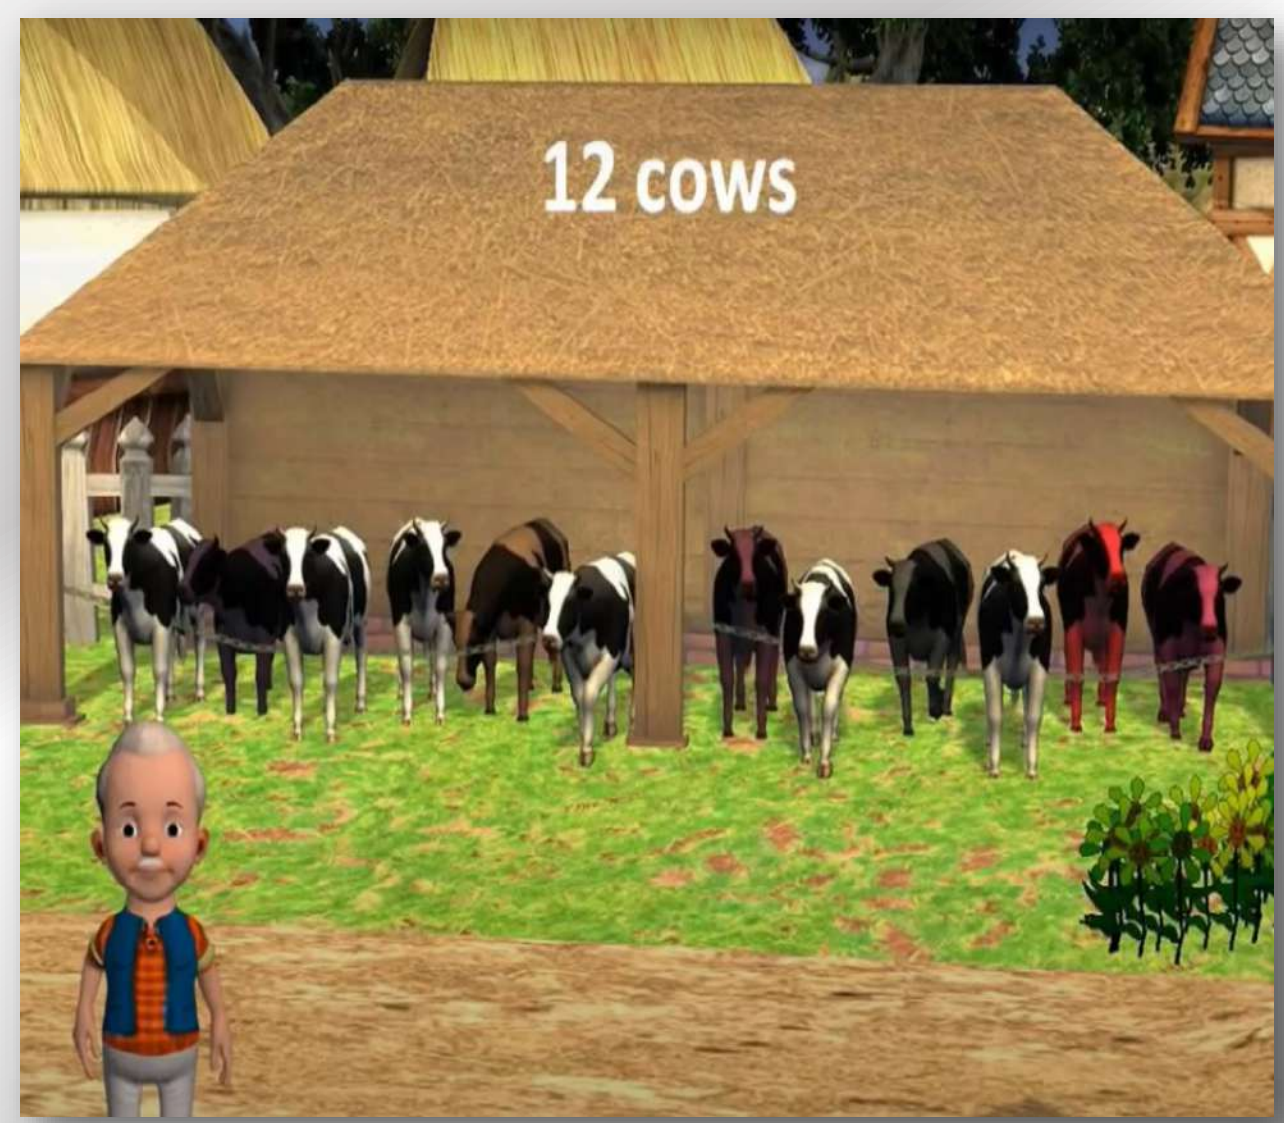
All are happy!

Division as Equal distribution

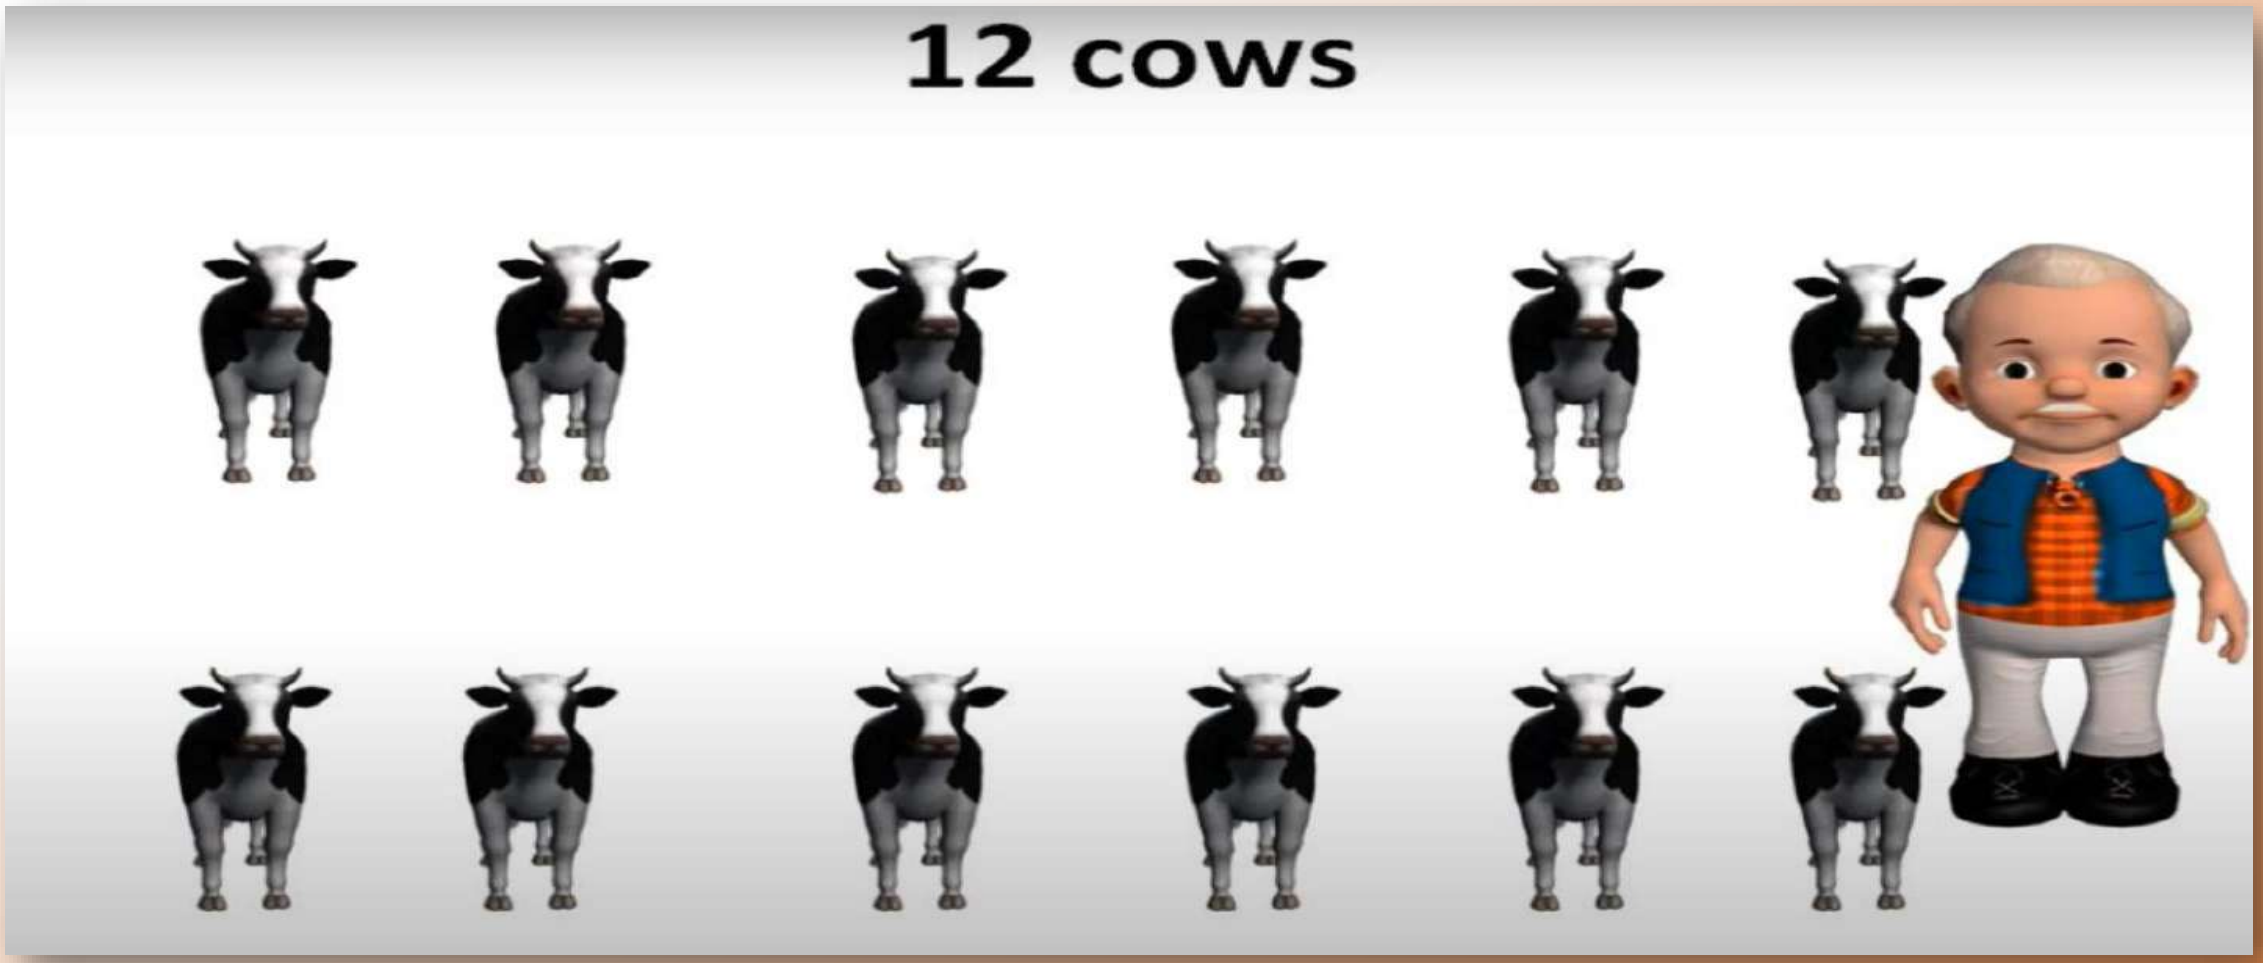


15 lollipops are divided equally among my 3 friends.

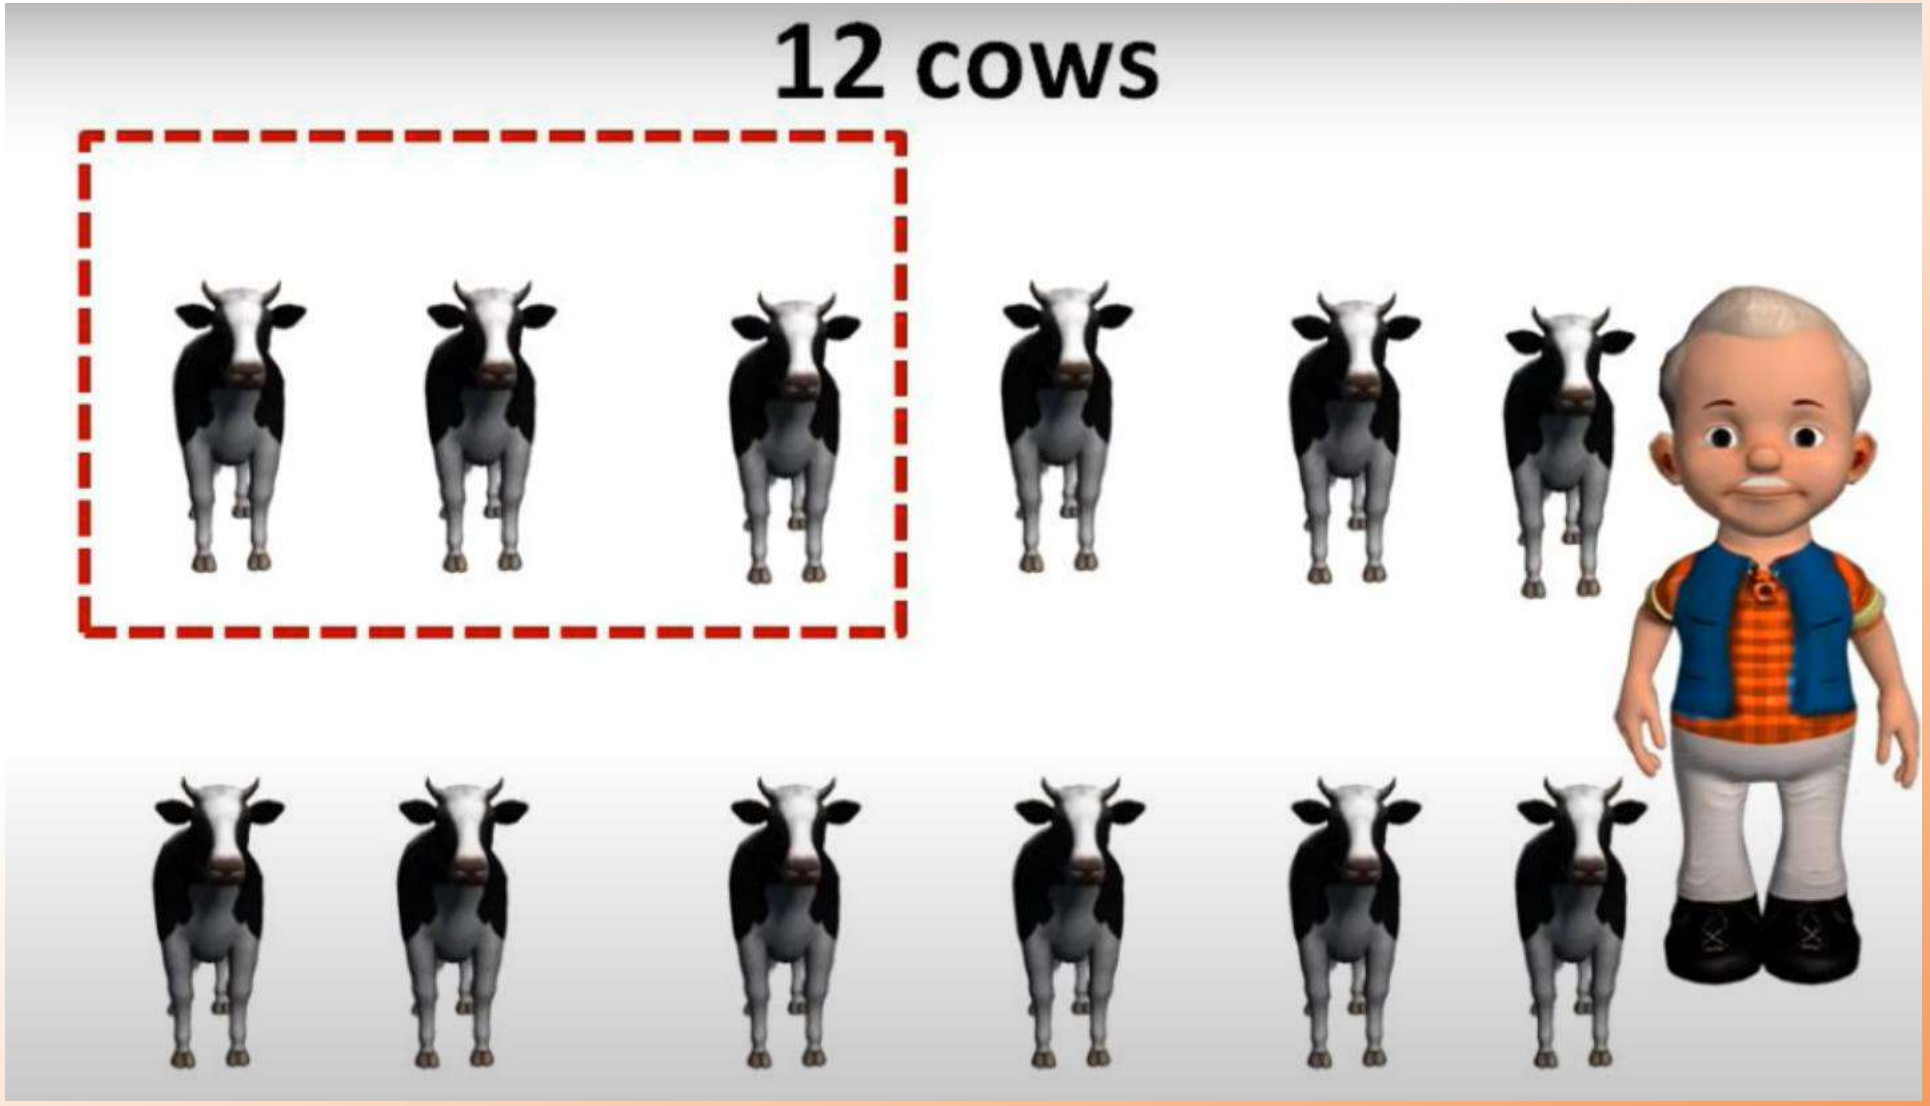
Let’s talk about a story!



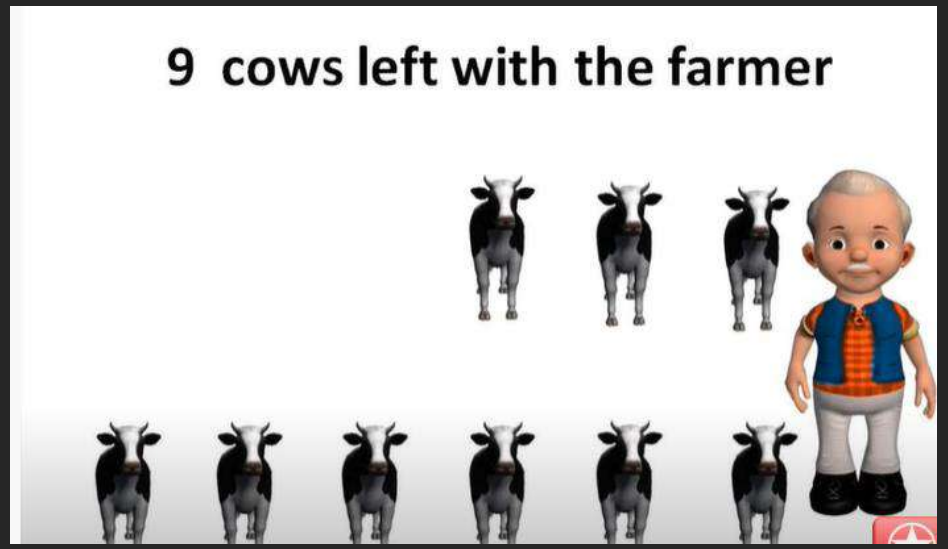
Let’s check how we can equally share !



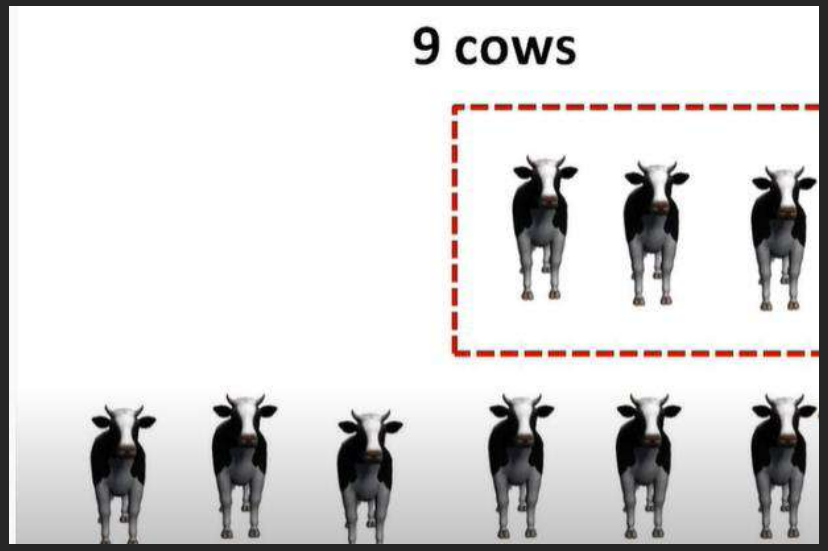
12 cows



Each brother has 1 cow



9 cows left with the farmer



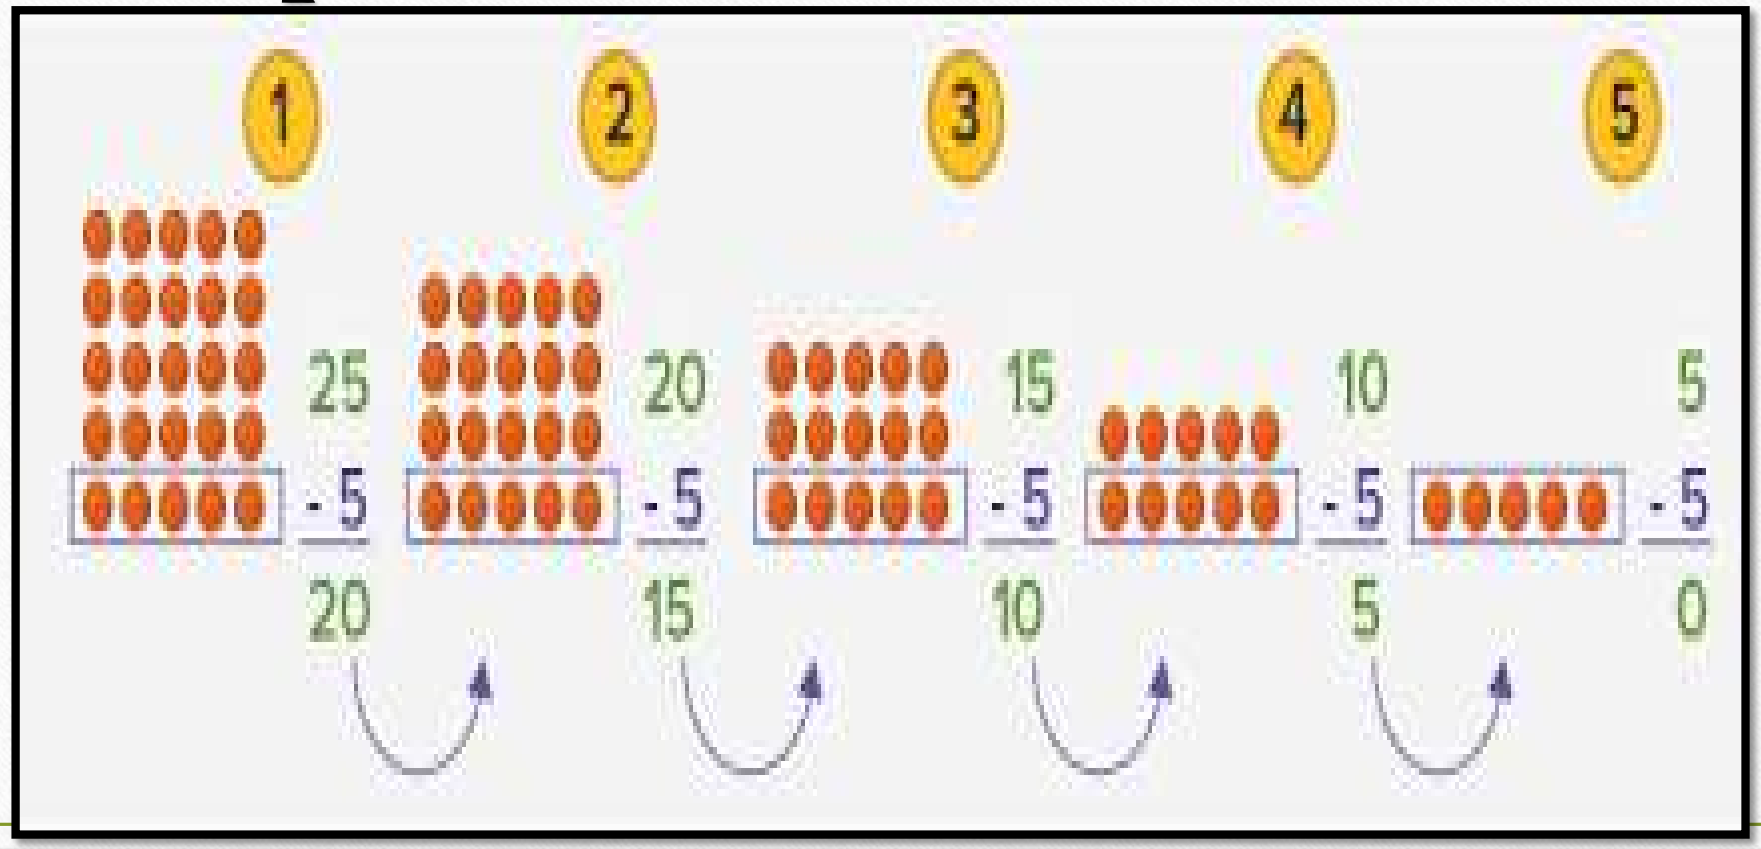
9 cows

And so on….

Hurrah ! Now I know about idea of Division .

Properties of Division!

Let's divide 25 by 5
(with repeated subtraction method)



Let’s Practice Worksheet 1 &2 !

Thank You
